

The COOP

From Belle Plaine to Stewartville, and St. Peter to Ellsworth Wisconsin, Ag Partners roots run deep, as a strong member-owned cooperative

Founded in 1996 through the merger of cooperatives in Goodhue and Lake City, Ag Partners has expanded from its local beginnings to a network of 30 locations across 24 communities in two states. Today, the cooperative serves more than 12,000 customers by providing feed, agronomy, energy, and grain solutions.

As agriculture continues to evolve, Ag Partners remains committed to innovation, growth, and customer success. The cooperative's member-owned structure ensures that customer needs remain at the center of every decision, because Ag Partners succeeds when its customers succeed.
